Hi Carrie – I believe this issue should be resolved now. Let me know if you're still having trouble seeing the subs and employees you need.

Subject: Database Problems

Hi Emily,

I have a couple of subs trying to add new employees and are unable to activate their accounts because they can't see them in the "Inactive employees" drop down menu under user maintenance in order to activate them. I have tried from my login and am unable to see the list of subs in the "subcontractor name" drop down so I'm of no help to them. I'm also unable to see AFL's active employees (Marsha) in my employee drop down.

I'll let you know if I run across any other issues.

Thanks,

Carrie
